Hello, I am writing today as a concerned citizen of the United States of America. I live in San Diego, CA 92114. As a concerned mother I want to place a comment here for the people and water in the area. It is an unrighteous thing to do if you abandon this site like you have. Our people are getting sick, we can feel it in the spirit of things. Mothers are crying up to the heavens over all the atrocities our government is bestowing on us. Azarga has no compassion for us while contaminating our ground waters. I say "ours" and "my people" because we are one and we feel you as a government bringing shame on yourselves for what you have done so far. We feel you as mothers who mourn for the children yet to get sick from this. We grieve and feel the Holy Spirit grieving with us for those who are sick now and have died unchecked in your balances. Spiritually, if you ignore this and allow these mines to go unchecked your mark will be checked in heaven. You just cant keep grieving the Holy Spirit and think it is ok. We are the poor, the widowed, the downtrodden and your allowing a corporate company to further damaging access against our families. We are connected to each other. We saw how your business, your EPA was slashed and know about the things you as the EPA are required to do by court order in Flint alone. We know there is no physical way that settlement can be honored based on your deployment of agents, because the number of houses doubled in count testing positive for poison. You simply don't have the man power. We want change, we want a government and the agencies associated who will not be able to receive a profit. To push that profit over people mentality. It is deep rooted in our government as they continue to slash employees from your EPA and throw out books that contain important regulations we need. Regulations our children need. We see it as a blatant attack on our right to life and want to bring suit against you all based on this uranium mess. We are expecting a righteous outcome because it is what we are praying for. Do the right thing EPA, Government and leaders of the corporate genocide and clean this mess up ! Because if the letters don't help us stop this injustice, some of us are prepared to go to litigation to bring charges against the multitude of evil profit people, for manslaughter, for neglect, for emotional damages. we are strong and many. Please, do the right thing..

Sincerely,
